

Grammar 2: Usage
Assignment 31

- Complete Test Chapter 30. Please submit to me *by noon on Tuesday*.
- Complete Chapter 31 on quotation marks and italics (except the test).
- See if you can tell what is wrong with each of the following signs. The mistakes are obvious. As my grandmother from West Virginia used to say, "If it were a snake (*Atheris squamigera*), Willy, it would have bitten you!"
- Review the mistakes that you made on last week's SAT exam. You will have another exam next week; this time you will email your answers.
