

## American History Assignment 11

- Study for and take the test on Unit 2, including the DBQ. The test will include all the material from the Great Awakening, French and Indian War to the Critical Period. Be sure to sign the honor code after taking the test.
- Read Chapter 10 in Abeka: *The Nationalist Era*.
- Continue reading *Founding Brothers*, up to chapter 5.
- If you are reading ahead, you should know that we will be skipping Unit 4. Thus, after *The Age of Jackson*, we will be moving right along to Chapter 15, *Slavery and Succession*. I will present the skipped material in a lecture, rather than have you read it, as those who will be taking the AP must have the textbook completed by the first week of May.
- Read the short article by Timothy Flint, written in the Federalist Period. Does he present a favorable or unfavorable view of the West?
